FRAUD CHARGE STIRS STATE.

Governor and Other Officials
Are Accused.

Trouble Arises from Furnish-
ing Mansion.

Court Enjoins Chief Execu-
tive and Associates.

RENO, July 14.—[Exclusive Dis-
patch.] Reno and other points
throughout the State received a sensa-
tion today when it became known
that a suit and writ of injunction had
been filed against the Governor and
other official associates, the State Com-
ptroller and State Treasurer. Fraudu-
lent and illegal transactions in connec-
tion with the furnishing of the new
governor's mansion at Carson City is
alleged. Sensational developments are
expected as the outcome of these charges.

Legal proceedings growing out of the
action of the Board of Capitol Com-
missioners recently in awarding the
contract to Donnell & Steinmetts of
this city, were instituted this after-
noon in the First Judicial District
court.

Immediately following the filing of
this complaint the writ of injunction
was served upon the Governor and his
associates. The document sets forth
the allegation that the defendants, in
starting into a contracting bid so un-
usually and fraudulently, thus consti-
tuting a manifest abuse of the discre-
tion of the Board of Capitol Commis-
sioners, and wrong use of public
funds.

The John Bruner Company of this
city, who were the successful bidder,
asserts that its bid was \$3000 lower
than the one securing the award. Other
allegations are embodied in the com-
plaint.

o'clock this morning, through the ex-
istence of the men and women who

sounded they jumped out of their coats
and in night gowns and pajamas

tinguished.

The fire started in some unknown
place in the furnace house, which
lies between the bathrooms and
the kitchen. The night breeze fanned
the flames toward the main building
and the tents beyond. As the flames
spread the tents were blown apart

WINAWAY MARE STIRS CROWD.

Winaway Attempts to Get
Out of Pocket.

Red Paces Winner
Against Siegfried.

John Takes Two
Heats in Fast Trot.

The classy brown mare
owned by A. G. Dahl, with Samson
beat Siegfried, F. B.
her local favorite, driven by Ward,
in the 2:10 pace, the winner taking the
first two straight heats, at the
annual meet of the California cir-
cuiting association at Agricultural Park
yesterday afternoon.

In the 2:10 trot the time was fast,
the mare being made in 2:10 1/4, the
second in 2:11 1/4 and the third in 2:11.
John, a big brown gelding
owned by Frank Collins and driven by
Ward, took first honors in the 2:30
pace, winning two heats in a five-
mile race. The Milleron made the fast-
est time in the race, winning the first
heat in 2:17 1/2, the second in 2:18 1/2.
The second heat, driven by Ward,
won the second heat in a close
finish from Ida Milleron, after two of
the favorites, Zombetta and Olie B.,
had retired at the quarter.

It was pointed out that the encour-
agement of horse racing at Tia Juana
which had become outlawed in Califor-
nia, would be an offense in the eyes of
the people of that State.

It was stated in the letter to the
American Ambassador that the United
States did not question Mexico's right
to grant the concession, but in view of
the universal protest of the people of
California it hoped that the Mexican
government would see fit to rescind.

No response has yet been received,
but the State Department has strong
hopes that its request will be complied
with.

[ASSOCIATED PRESS DAY REPORT.]
WASHINGTON, July 14.—The con-
cession recently granted by the Mexi-
can government to a company of horse-
race promoters in California for the
establishment of a race course at Tia
Juana, Lower California, probably will
be rescinded.

The people of San Diego have pro-
tested in strong terms. Petitions have
come to the State Department from
city officers, churches and citizens with
the result that the State Department
recently communicated with President
Diaz through the American Ambassa-
dor.

Etiwanda Vineyards

Level Land—Planted to Grapes
Water Piped to Every 5 Acres

Grape growing pays big at Etiwanda. Some 15,000 acres
of the finest developed vineyards in California are in the
immediate vicinity of our property. Experienced Etiwanda
grape growers say that an annual net income of 20 per cent., or more,
can be reasonably relied upon from grapes. You can share in this
profitable business, without leaving your present occupation. Study
the terms on which I will sell you a vineyard of 5 acres or more and
my "FREE CARE" plan. They put an opportunity into your hands
which you cannot afford to let slip.

\$200 to \$250 an Acre—\$2.50 Per Acre Cash, \$2.50 Monthly
We Cultivate and Care for Your Vines Free for three Years

You can select your vineyards from lands already planted to
Muscat Grapes—a profitable variety for table use and
for raisins, with excellent wine qualities. Or you can
take unplanted land, which we will set out to the variety
of grapes you prefer. We will cultivate and care for your
vines free of charge for three years, until they come into
good bearing, with a full stand of vines guaranteed. After
that you can care for your own property, or, if you wish,
we will continue to care for it for 10 per cent. of its net
annual income.

This means that you can own a vineyard of five acres
or more without leaving your present work, or on terms
so easy that you will hardly miss the money. The plan
is thoroughly practical, and you don't have to be an
experienced grape-grower to take advantage of it. This
land is adapted to oranges and other fruits also, as well
as grapes.

Etiwanda is beautifully located in the San Gabriel
Valley, on the main line of the Santa Fe Railroad, which
affords good shipping facilities. Many thriving cities and
towns surround it, with good schools, stores and all con-
veniences. See this property. Come in and get full in-
formation. Excursions daily to Etiwanda. Arrange to
take this pleasant trip and see for yourself.

Special Train Figures in
Territorial Arrests.

Ten nimrods of Los Angeles yesterday contributed \$15 each to the treasury of Maricopa county, Arizona, through the Arizona Law Clutches Ten Los Angeles Nimrods.

The names of the offending hunters are James C. Drake, president of the Los Angeles Trust Company; Edwin J. Marshall, president of the Chino Land and Water Company; Dr. W. Jarvis Barlow, Gall B. Johnson, first vice-president and treasurer of the Pacific Mutual Life Insurance Company; A. F. Culling, an accountant of the same company; John T. Miller, J. M. Kilgaff, L. B. Burke, Oscar Millbank and L. W. Collins.

Mr. Collins was formerly a resident of Phoenix and assistant secretary of territory. He and some of the other gentlemen have had annual hunts together in the country along the Maricopa and Phoenix Railroad, between Tempe and Maricopa, at this season, for several years past, where white-wing pigeons are numerous.

As usual, they established a camp near the railroad south of Tempe a few days ago. Some people deplore the killing of birds in such numbers, and the party was closely watched by game commissioners and others looking for a chance to "pinch" the hunters. The chance came when they found the hunters were shipping birds to Los Angeles—unsuccessfully.

Deputy Sheriff Davis was detailed to watch for them, and for two or three nights he took the train to Maricopa to inspect shipments.

Tuesday night Miller, Drake and Marshall boarded the same train, business calling them hastily to Los Angeles. Davis arrested them at Maricopa, catching them with the doves.

HIRE SPECIAL TRAIN.
The men were worse disturbed over the interference with their business plans than over their arrest, as they would have to go back to Tempe for trial, but, by contributing freely to the railroad, they got a special train back to Tempe about 3 o'clock Tuesday morning. The train was stopped en route at the hunters' camp, where the other seven men were pulled out of bed, arrested and taken aboard the train for a daybreak session in the court of Justice Clark at Tempe, who was prevailed upon to hold a special session for their accommodation. Some of the seven men did not stop to dream, it is said, but went to court in their pajamas.

After the hunters had been mulcted \$15, they took the special train, on which Miller, Drake and Marshall proceeded to Maricopa, en route to Los Angeles, the others stopping off at the camp where they will do some more shooting.

It is no violation of the Arizona law to shoot the birds, or even to sell them, but it is a violation of the game law of the Territory to ship any game beyond the territorial boundary.

The birds seized by the officers were sent to St. Joseph's Hospital in Phoenix. The hunters said they sold no birds and were sending them to Los Angeles hospitals as a treat to patients.

TREAT FOR YOUNG WOMEN.
On Monday there was shipped from Tempe by Wells, Fargo & Co. Express a box said to contain dressed poultry to the Young Women's Christian Association of Los Angeles. The box was opened and found to contain several hundred nicely dressed doves or pigeons.

Deputy State Fish and Game Commissioner H. L. Pritchard was notified of the arrests and upon investigation here found that one box of the birds had been received and eaten by the young ladies of the local Young Women's Christian Association, but that they did not know who was sending the birds or that they were breaking the state laws in receiving and eating them.

E. H. Jones, assistant general agent of the Wells, Fargo & Co. Express in Los Angeles, has also been connected with the affair, and is under investigation. Pritchard, when the hunters left the city a few weeks ago Jones was asked to care for and deliver any boxes that they might send to the association, and Jones' friends say that as he is young, handsome and unmarried, he readily agreed to assist the "young ladies in any way so they could get the game as soon as possible."

He did assist with the first box by icing it and giving his personal attention in seeing that it was properly delivered, but he, as well as the "ladies" did not know that he was doing wrong and he will not be prosecuted.

MAKES HIT ON STAGE.
Mrs. Clara Stirling, whose divorce case stirred England, is successful in present role.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, July 14.—(Exclusive Dispatch.) Mrs. Clara Elizabeth Stirling is making a considerable success in the present Gaiety piece, "Our Miss Gibbs," though in a small part. Her stage appearance, always fetching, is more attractive than formerly, and she wins the admiration of the gilded youth in unstinted fashion.

It is understood that she will have a more prominent part soon, either in this play or in a new production by George Edwards.

Mrs. Stirling's appearance on the stage recalls the society divorce case in which a decree was granted to Capt. John Alexander Stirling following testimony by Mrs. Mabel Atherton, herself a society divorcee, when Mrs. Stirling accused.

EVENTS IN LOCAL SOCIETY.

NOTABLE among yesterday's functions was the small tea party which had as its hostess Mrs. Adna R. Chaffee of No. 367 Magnolia avenue. About seventy-five matrons and unmarried friends were entertained in honor of Mrs. Chaffee's daughters, Mrs. George French Hamilton and Mrs. John Hastings Howard. The decorations were particularly attractive. In the drawing-room, quantities of American beauties were mingled with Shasta daisies and asparagus plumosa, while the tea room glowed with yellow lilies and greenery and pink lilies and Shasta daisies were arranged gracefully in the reception room. In the dining-room the table was set with a canopy of white and ferns added to the pretty effect and the buffet was gay with clusters of pink gladioli. In the garden, an arbor of American flags was erected. Punch was served beneath a canopy of white Japanese lanterns and greenery. Chairs and Indian rugs were scattered about the lawn, where the guests enjoyed conversation over the tea cups.

Kitchen Shower.
At their home on Ellendale place, Mr. and Mrs. F. W. Stoll recently entertained with a kitchen shower in compliment to Miss Dora Vorwerk and A. G. Stoll, whose wedding will be solemnized in the fall. Festoons of white and lavender streamers entwined with ropes of ferns, brightened the library and living-room, while the reception hall was adorned with numerous white wedding bells. Supper was served and the center of the table was enlivened with a fancy basket filled with pink sweet peas, from which were suspended ribbon streamers with tiny cupids attached. The guests were Mr. and Mrs. Edward Trinkler, Mrs. Amelia Lang, Miss M. Zacharia, Mrs. R. W. Stoll, Mr. and Mrs. G. Odenier, Mr. and Mrs. E. Stoll, Mrs. S. Crasmer, Miss Martha Stoll, Miss Ella Stoll and Arthur Stoll.

Attendants Chosen.
Miss Edith Herron, whose engagement to Lieut. William Hamilton Toss, U. S. N., was recently announced, has chosen Mrs. W. L. Graves, Jr., to assist as matron of honor and Miss Margaret, Park's cousin, as maid of honor. The maids will be Miss Katharine Clark, Miss Anne Patton, Miss Lois Chamberlain and Miss Carmelita Rosecrans. Little Geraldine Herron, niece of Miss Herron, will be flower girl.

Announcement.
Announcement is made of the wedding of Miss Zora E. Weaver, of this city, to Harry Vankling of New York, which was solemnized at the home of the bride's uncle in the eastern city. At the conclusion of a two-month tour of Europe, Mr. and Mrs. Vankling will make their home in Los Angeles.

Coast of Spanish Honduras Now Under Military Control—Following Attempted Revolution.
(ASSOCIATED PRESS DAY REPORT.)
NEW ORLEANS, July 14.—Martial law has been declared all along the coast of Spanish Honduras, according to Dr. Timoteo Miranda, former Honduran Minister to Nicaragua, who arrived here yesterday.

Dr. Miranda asserts the failure of the government to pay its soldiers and officials the sums demanded, and the attempt to take possession of certain property by the latter precipitated the trouble. The prospective revolutionists are said to have been dispersed.

ADVERTISING FOLLOWS CIRCULATION.

TO BE SURE! This is the basis upon which discerning business men apportion their yearly financial appropriation. It is not hazardous guess, but scientific investigation, careful and painstaking research, close watching of the source from which the biggest results are derived, and the most minute watchfulness which influence the latter-day business man in the expenditure of his hard-earned dollars for publicity. He studies the pulse of the people; he knows, it might be said, better than any other reader the literature that appeals.

So it is, without fear or favor, and without personal feelings entering into the subject, he distributes his advertising among the different publications which have their existence in the field of his operations.

Circulation begets advertising. Advertising follows circulation. The Times has the circulation, and hence the advertising follows:

In the first six months of 1909 The Times published a total of 26,694 columns, or 3512 pages, of paid advertising matter; for the same period of 1908, 24,387 columns, showing a gain of 2307 columns in the last six months' time. The aggregate for the first six months of 1909 is over 60 per cent more than was printed by any other local newspaper, and the gain exceeds that of any contemporary by more than 400 columns.

A complete record of the advertising figures of all the Los Angeles papers for each of the six months last past, compared with the like period of 1908, has been kept, and is contained in the following condensed statement:

	Times	Herald	Examiner	Express	Record News
1908	1908	1908	1908	1908	1908
Jan.	4,038	4,803	6,841	2,400	2,704

Any person sufficiently interested to investigate and analyze these figures will readily discover how baseless are the boasts regarding business progress made by trailing newspaper bragmarts.

visitor and Monday. Mrs. Brown will give a musical. Invitations have been issued by Mrs. Cantman, of No. 315 Custer street, for a Wednesday afternoon function, to be given for Mrs. Bernstein.

From Princeton.
The Misses Carrie and Alice Ananas of Princeton, Ind., are the guests of Mrs. Frank L. Orr of No. 1145 West Thirty-seventh place. Yesterday afternoon, their hostess presided at a theatre party, after which tea was served at Christophers.

Date Chosen.
Miss Cynthia Fay, daughter of Mr. and Mrs. Fred Fay of No. 1238 Orange street, and her betrothed, Lucian J. Clark, have chosen the first week in September for their wedding. Miss Fay is well known in this city where she has lived for many years.

Morning Wedding.
Yesterday morning, in St. Vincent's Church, Rev. James Lillie officiated. Miss Beale Hammond, daughter of Mrs. E. Hammond of West Twenty-seventh street, became the bride of John Brennan of Ironwood, Mich. The bride wore a handsome white broad cloth suit, with hat to match, and carried a shower of white sweet peas and maiden hair ferns. Miss Hazel Hammond, her sister, in a white suit with a blue picture hat, was maid of honor. Her bouquet was also of white sweet peas. Morris Sullivan, of San Francisco, was best man. Mr. G. J. Crandall sang during the ceremony. Later, a wedding breakfast was served at Christophers. Mr. and Mrs. Brennan will make their home in Ironwood.

Another Visitor.
Miss Frances Chermis of Council Bluffs, Iowa, is visiting at the home of Mrs. Isaac Brown of Lenwood street.

PART OF EL PASO IN MEXICO?
Contention of Land Company Necessitates Session of Boundary Commission at Washington.

(ASSOCIATED PRESS DAY REPORT.)
EL PASO (Tex.), July 14.—Summoned by the Ambassador of his country, F. R. Puga, the Mexican member of the International Boundary Commission, left here today for Washington to attend a session of the commission. Geo. Anson Mills is the American member of the commission.

It is understood the two commissioners are called to Washington by the State Department and the Mexican Ambassador to pass on the contentions of the El Paso Broussard, a leading part of the southern section of the city of El Paso is Mexican territory. The issue involved is worth several million dollars.

Information of a private character from Washington indicates that the Mexican Ambassador and the Secretary of State, after a conference, will settle the dispute.

A LA ROOSEVELT.
Folk of New Iberia Parish Plan Hunting Fete for Mr. Taft This Fall.

(BY DIRECT WIRE TO THE TIMES.)
NEW IBERIA (La.) July 14.—(Exclusive Dispatch.) The people of this parish and especially on Avery Island, the celebrated home of United States Civil Service Commissioner John A. McHenry, will prepare a hunting fete for President Taft when he visits Louisiana next fall on the occasion of the Deep Waterway bill.

A hunting expedition in lower Iberia parish will be the feature. The sea marshes are full of game, and Jefferson, the noted actor, had his home here, and hunted every fall. It is a hunter's paradise and with Congressman "Bob" Broussard, leading the party, it is expected that Taft will give a memorable time.

Clothing Firm Selects New Home

MULLEN & BLUETT'S NEW HOME.

Broadway Can Soon Boast of Another Great Mercantile Concern

The well-known clothing firm, which has been established in this city for over a quarter of a century, has grown from one small store, occupying at that time 20x30 feet, and in their expansion, time after time, they are now occupying over 1 1/4 acres of ground floor space, which is considered the largest of its kind on the Pacific Coast, selling only men's and boys' clothing, furnishing goods and hats.

The increasing business which they have enjoyed for the past

few years has made it necessary for them to secure larger and more commodious quarters. They have secured one of the most central locations in the city—the W. P. Story Building—Sixth and Broadway. They will occupy the entire ground floor, which is 120 feet by 155 feet. In addition to this, they will have a well-lighted and appointed basement salesroom and a large mezzanine floor in the rear of the building, which will give them the largest and most handsome daylight ground

floor store in the West, which they expect to occupy on or about January, 1910.

Their present store was established over 26 years ago by the late Andrew Mullen and W. C. Bluett, but since the time of their deaths it has been under the careful management of Mr. Arthur B. Mullen, a young man of exceptional ability, whose manifest interest and wideawake, progressive spirit, has made this an establishment that ranks the best of its kind west of Chicago.

Captain of Power Schooner Recently Capsized Near Puckoo Harbor, Accused of Manslaughter.

(ASSOCIATED PRESS DAY REPORT.)
HONOLULU, July 14.—A warrant was issued today for the arrest of Capt. F. Tollerson, master and owner of the power schooner Rainbow, charging him with manslaughter upon the statute used by the prosecution in the case of the Slocum disaster in New York.

Several days ago the Rainbow was carrying an excursion party of twenty-five children and a number of women, when the boat capsized and sank off the Island of Molokai near Puckoo harbor. All passengers and members of the crew were saved but one woman, who died soon afterward from the excitement and shock.

It is alleged that the schooner was not provided with the proper number of life preservers and life-saving apparatus.

COUNTS ARE COMING.
NEW YORK, July 14.—Three French counts, who arrived here on the Kaiser Wilhelm der Grosser, will start for the West and Canada in a few days to look over mining properties, with a view to employing a new process for the reduction of low-grade ores. They are Count de Baillencourt-Courcel, Count de Perand de Mauvesin and the Count de Ferment de Villot.

NEWS AND BUSINESS.

At Union League.

The Union League announces that on today and Friday ladies accompanied by members will be admitted for luncheon.

Elks' Programmes.

A few of those purple programmes (officials) for Elks' Week may still be obtained at The Times office. Every bit of information is there.

Omaha Probation Officer.

M. Bernstein of Omaha, Neb., is a guest of Mr. and Mrs. Isaac Brown of No. 1118 Lynwood avenue.

Bernstein is chief probation officer of the juvenile court of Omaha. He is investigating that line of work here.

Just North for Burial.

The remains of Joseph Mota of No. 2828 Algonquin street, who committed suicide rather than face trial for contempt in the Superior Court, were yesterday sent to San Luis Obispo for burial.

Nine New Members.

The following were admitted to membership in the Chamber of Commerce yesterday: A. M. Danberg, George W. Dryden, E. E. Easton, G. W. E. Griffith, George W. Hinton, F. L. McKain, Thomas K. Sholman, W. E. Watson and Edward A. Brown.

Falls Sixteen Feet.

J. E. Farley, a glazier residing at No. 1154 East Fifty-third street, fell sixteen feet from a scaffold on Main street, between Fourth and Fifth streets, yesterday afternoon, sustaining a severe sprain of the right ankle. He was treated at the Receiving Hospital.

Banking Hours.

There will be no general business transacted by the Los Angeles Clearinghouse bank and the associated banks until 1 o'clock p.m. each day today and tomorrow, but on both days those banks will transact business until 4 o'clock p.m.

To Spread Sunshine Gospel.

An advertising campaign in eastern magazines and newspapers is to be begun by the Chamber of Commerce as soon as a fund of \$10,000 is raised by subscription. The directors yesterday authorized the Committee on Publications and Statistics to canvass for subscriptions.

"Scarred" Windows.

A hoodlum with a diamond ring Tuesday night "scarred" show windows in scores of business houses on Spring street between Third and Fourth streets and on Fourth street between Spring and Broadway. In some instances the windows were so deeply cut that they must be replaced.

Mail Clerks in Parade.

In order that the mail carriers and postal clerks may be in tomorrow's parade and the parade, the mail carriers will be on duty on Friday. The main office will be open all day, and all stations will be open from 9 a.m. to 5 p.m. and from 2:30 o'clock until 6 in the afternoon.

Bollinger May Come Here.

Secretary Bollinger of the Department of the Interior has written to Secretary Wiggins of the Chamber of Commerce, in regard to visiting this city on his way East. He is now in Seattle and expects to pass several days in San Francisco. He writes he will come to Los Angeles if his time permits.

Car Victim Identified.

The man who was killed by a Long Beach car at Vermont and Long Beach avenues late Tuesday night was identified yesterday as John W. Brown, a furniture salesman, residing at No. 1890 East Vermont avenue. He was a Mexican and leaves a wife and 10-year-old daughter. He came to Los Angeles last November from Indianapolis. An inquest will be held today at the Pierce morgue.

Bells Coaches Valley Stores.

Permy Whiting, of this city, during the past week has closed a deal whereby he sells his general merchandise stores in the Coachella Valley, in order to concentrate his activities in Los Angeles. The large general mercantile establishment at Thermal is taken over by Bolla Philander and Nicholas, both well known young men of the Coachella Valley. Some months ago Mr. Whiting sold his lumber yards in that valley to the F. A. Johnson Lumber Company.

Terribly Injured by Chain.

Frank Workman, an employee of the Harbor Asphalt Company, at No. 1150 Alhambra street, sustained injuries which may prove fatal, as a result of a chain striking him on the head by a swinging chain. His skull was fractured, both the right ear, his jaw fractured on the right side, the right ear was nearly torn from the head, and an eight-inch laceration was made on the side of his face. After treatment at the Receiving Hospital Workman was taken to the Crocker-Street Hospital.

BREVITIES.

To "Liner" Advertisers: Dating from June 1st, classified advertising in the Times will be charged by the word at the present established rate of 10 cents per word in the daily issue and 14c Sunday.

Word calculations covering a period of several months develop the fact that the average number of words to the line are a fraction over seven. This basis for charge, therefore, will prevail after June 1st. Cash "want" advertising has always been calculated by the word, and this regulation will not change the manner of handling it.

The present "want" ad rate has been in effect for many years, though the circulation of the paper has grown more than 50,000 daily and 50,000 Sundays, has tripled during this period. No paper in the United States, rate considered, compares with The Times in "want" ad service. The Times-Mirror Company.

Remember the slogan: "Buy and Boost Home Products." For daily references, see page 11, Part II, of the Times, containing list of wide-awake manufacturers under the heading "Made in Southern California." You will find them manufacturers of necessities and luxuries here—manufacturers of things to eat and drink—clothing, home, the beauty, the

office and the farm. Buy them! Try them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good!

The Times is mailing East every day nearly 10,000 copies of each day's issue in excess of its regular subscription and mail list. These thousands of orders have come through the mails and are given in person to be sent to readers abroad who are anxious to read about the great Elks' week celebration and glorious Southern California.

On Saturday next, particularly, when the big Elks' Number of The Times will be issued, it is expected that from 30,000 to 50,000 orders will be taken for papers to be mailed to distant readers. Some of them, as well as a number of the present visitors here, are bound to get the California fever.

No advance in the "Liner" or display rate for advertising will be made for this additional service, and The Times invites patrons to take advantage of this opportunity to secure an unusual amount of publicity at a price below that ever before offered by The Times. Free Stereoscopic Lectures on Los Angeles and Alameda counties, Turlock, Pomona and Hawaii at the Chamber of Commerce every afternoon.

You are invited to visit the Chamber of Commerce free exhibit. Free stereoscopic lectures and free literature. Open day and night.

The new song, entitled "Los Angeles," the hit of Elks' week, now on sale at the music houses.

Loaded With Pennies.

Gray, homeless and without a friend in the world, John Kelly, 77 years old, tottered into Bellevue Hospital and asked for some medicine, saying he was feeling sick. Dr. Drury sent him to ward A in the new wing.

Scott, the supervising nurse, gave him some hot milk, as he said not a morsel of food had passed his lips for several days.

Kelly was being prepared for bed when little packages began to fall from his pockets. On opening the newspaper wrappers they were found to contain from three to five pennies each. The old man's vest and trousers pockets and even his shoes were filled with packages of pennies.

When the count was taken by the nurses, the old man was found to have \$45.57 in pennies, weighing about twenty pounds. His hoard being under the \$50 limit, he will be treated free.—New York Sun.

It is an absolute, scientific fact that you can make more loaves of bread from one sack of CAPITOL FLOUR than from one sack of any ordinary flour.

The scientific reason is the larger percentage of gluten in CAPITOL FLOUR makes the dough rise lighter, and it therefore requires less dough per loaf—and 12bushel length glaze gives you white, black or colors, at pair \$3.50

It has occurred to you that you are now reading a metropolitan newspaper with the record of printing every day in the year the largest daily in the United States, both as to paid advertising and general news. Is this a reading matter? Well, it's a fact—proven and incontrovertible. Interested persons, skeptical for the time being, have demonstrated by actual observation that this statement is absolutely true.

Following is a comparison of columns of advertising printed in each of the papers named during the month of June, 1938:

 A scientific investigation has been made of the crimes of this little pest in a few years. He has been caught in infinitesimal pieces—secreted in every nook and corner of the house. Invisible feet contained a thousand bacteria. One blue bottle fly was admitted to the laboratory. The police station carried flies behind his right ear, and he was wigged and made to stand in the sun. But he would not be so easily wiggled as not all in the domestic class when it comes to getting around bacteria. A whole variety of insects are the carriers. Blaze and smoke at Woolner oil tanks.

NO RAIN, THIS.

JOKE TURNED ON VISITORS BY SPECTACULAR OIL FIRE.

FOR several hours yesterday afternoon the thousands of visiting friends of the Los Angeles and Southern California. Ever since their arrival they have had dinner in their ears that it rarely or never rains in the Southland in summer. Accordingly there were many smiles and giving up of planned expeditions when a great black cloud appeared above the horizon toward Hollywood shortly after noon.

"It looks like rain," smiled the easterners, as they winked at the Californians.

But as the afternoon passed the sun continued to shine, the skies to remain blue, and the joke did not materialize.

ada, where he is now wanted for the robbery of the bank clerk.

Diamonds have been the bait for Dhein in the majority of his robberies. Diamonds and beautiful women are his specialties.

It is believed that he was accompanied to Los Angeles from New York by a young and fascinating woman, who is said to be devoted to him.

A mysterious woman yesterday tried to get a pass from the sheriff's office to visit the prisoner, but it was refused.

When seen in the County Jail yesterday, Dhein, as he fastidiously is named, refused to talk of himself. He would only say that he arrived in Los Angeles last Monday and was arrested the same day, as told exclusively in The Times.

He refused to tell what city he came from or to give any detail of his travels. He also denied emphatically that his name was Dhein.

With an insatiable smile, he remarked to the newspaper men present that they were to be commended for their zeal and not blameable for their vociferation.

"It is better than mine," he added, with just a twinkle in his steel-blue eyes. And that was the nearest he came to "giving himself away" that happened.

RAY CITY'S ADVANTAGES.

Graphically Described and Pictured in Handsome Elks' Edition of the San Diego "Union".

The San Diego Union, in its special Elks' edition, has "done itself proud." In the thirty-two pages is found a large amount of information that will interest eastern members of the union.

They are told and instructed them in the rapid progress that the southern city is making.

On the first page, surrounded by an elite head between two clocks, are a picture of the local B.P.O.E. building and a view of the city.

There is profusion of cuts in the edition, which, in themselves, tell the story of municipal and county development, and in the most attractive way.

The proposed system of highways is fully explained and the Point Loma boulevards are not overlooked. The harbor, the equable climate, the educational and religious advantages, the industries and the growing importance of the city as a railway center are discussed at length, as is also the fertility of the back country.

MARRIES BAND LEADER.

Los Angeles Girl Becomes Bride of Donatelli in Portland—First Night Romance.

Miss Martha Stoll of Los Angeles was married in Portland, Ore., yesterday to Signor Donatelli, the bandmaster, who is filling an engagement with his organization there.

The German Lutheran Church was the scene of the wedding, and Rev. O. Hagroos, the pastor, performed the ceremony. The bride was accompanied by her sister, Miss Ella Stoll.

The wedding brings to a culmination a romance which started in Los Angeles when Donatelli was playing there. The couple met, and love at first sight was the apparent result.

Donatelli and his organization are in Portland for the present.

NO rain drops fell. The cloud gradually disappeared. In fact, as the visitors learned, it was only a spectacular fire in the fields of the Woolner Oil Company, at Fourth street and Commonwealth avenue.

The blaze originated from a spark flying from a rubbish fire and communicating with an oil tank. Frank Latch and Albert Shaw, employees of the company, fought vigorously to prevent spread of the flames but, despite their efforts with garden hose and wet sacks, the fire reached five oil tanks and five derricks before the department arrived. The loss was \$2000. Within a few minutes after the first tank caught the sky was clouded with the dense smoke which rose almost to the zenith and spread over many miles of territory.

and the Empire, one of the oldest of the Grass Valley properties, has a rich chunk on exhibition worth \$700 as it stands.

The exhibit is in charge of George B. Finnegan.

In Litigation.

A receiver has been asked for the Nevada Hills at Goldfield, in a suit filed in Churchill county, Saturday.

The transfer of the property from George Bethune and associates to the Nevada Hills Mining Company, is asked to be set aside.

The suit grows out of one filed by Harry E. Lind and others against John T. Hodson and other Salt Lake parties, alleging a violation of a grubstake agreement. Property estimated at \$2,000,000 is thrown into litigation by the suit and the title clouded by the proceedings, which may tie the mine up for several years.

Settles Indebtedness.

The Montgomery-Shoshone at Rhyolite, has paid approximately \$200,000 of its indebtedness to Charles M. Schwab, leaving about half to be liquidated. The next twelve months should see the property free from debt.

May earnings from concentrates and bullion shipped and the operation of subsidiary companies amounted to \$42,917, expenses \$23,075, leaving a net profit of \$19,842. Schwab received that \$19,842.00 is thrown into litigation by the suit and the title clouded by the proceedings, which may tie the mine up for several years.

Will Ship.

The Burke lease on the Belmont will start shipping this week, according to Goldfield mining men in the city, who say fifty or sixty tons have been sacked.

The old Deitch Brewer lease has been cleaned preparatory to resumption and work will start in a few days. Ore has been discovered that shows good values free milling gold and active development is planned.

In the Ajo District.

As a result of the bonding of the mining claims of James Crowley and Thomas Childs, in the Ajo district, Pima county, Ariz., to Dan McFarland of this city for \$15,000, much activity is shown in that section and some promising prospects are being developed.

Drills are to be installed at once on the claims bonded to McFarland and the copper-bearing ground will be located and exploited.

The Randall Reduction Company is putting in machinery and representatives of several big corporations have been looking over the ground.

Nevada County Exhibit.

That Nevada county is on the California mining map is what the Sacramento Elks are determined to show visiting lodges, and the public generally.

To this end, along with the other exhibits they brought a valuable collection of gold ore from the mines of that county, quartz and placer, which is on view at headquarters in the Hotel Lankerham.

Some particularly valuable specimens of lead gold and other varieties of gold ore were furnished for the occasion by the Dorney family, the father and sons of whom have been mining in Grass Valley for fifty years. The Pokey placer display of nuggets is also very fine.

Ten beautiful specimens from the famous North Star mine are shown. The "Giant" has two pieces weighing about forty pounds, valued at \$1000.

TALKS GAILY TO THE DEAD.

Gardener Joyously Greets Five Small Corpses.

Society Woman Weeps Above Slaughtered Pet.

Office of The Times, No. 218 Raymond Ave., PASADENA, July 11.—Four dogs, two of them valuable, and a cat, were poisoned with strychnine night before last. When a gardener named Falmon opened the front door of his residence on Kensington Drive yesterday morning, he was confronted by three dogs and a cat.

"Well, now that's a family party for you," said he, "they're all here and quit your basking in the glorious sunshine," he shouted good naturedly. Then observing his own hearth-rug companion, he added, "Mike, you lazy whelp, where were you last night. Sure and that's the first time I ever saw you associate with a cat."

Slowly the truth came to Falmon. He leaped from the porch and found that all the animals were stark and stiff. A whistle, quite different from the merry call with which he was wont to summon his dog, came from his lips, and he muttered one word, "China-man."

Two blocks away, at No. 230 North Grand avenue, Miss Elizabeth Speer, one of Pasadena's fairest and most popular society young women, was bending over the lifeless body of her pet fox terrier, blinking the tears back from her eyes and asking herself the question, "Who could be so cruel, so inhuman?" Instantly she realized that "Domino" had been poisoned.

One of the dogs belonged to the residence of Theodore Irwin, at the corner of North Grand and Arroyo Terraces. The other dog and the cat have not yet been identified.

Officers of the Humane Society have been detailed on the case and there is a suspicion that a Chinese vegetable peddler, who was bitten by Falmon's dog recently, is responsible for the poisoned meat that was left in Falmon's front yard.

GREETING MRS. FOWLER.

The Young Women's Christian Association has extended a general invitation to members of the organization and their friends and the members of the local Y.M.C.A. to attend a reception to be given this evening at the home of Rev. and Mrs. Albert Hatcher Smith, No. 1671 North Garfield avenue. Mrs. Eldridge M. Fowler, who recently returned from Europe, is to be the guest of honor. The present organization is the successor of the Young Women's League, which Mrs. Fowler founded. She is manifesting a loyal interest in the larger association.

In addition to the hostess, those on the Reception Committee will be Mrs. F. F. Wallace, president of the organization; Miss Culver, secretary, and Mrs. D. A. Dexter, corresponding secretary. The evening will be devoted to music and games with an added incentive of enticing refreshments. The musical program will be in charge of Miss Marjorie Sinclair. About 400 guests are expected.

RHOTS AND BAD ODOR.

The police department and two private protective patrol were stirred into action shortly before midnight Tuesday by the sharp report of two revolver shots at the corner of Orange Grove avenue and Columbia street. Reports sent in to the patrol and the police station suggested a possible hold-up at that corner. Orange Grove red-light patrol signals flashed; Sgt. George Longley of the police station sped flights on a motorcycle and half a dozen men congregated to investigate the disturbance.

A throat-catchings essence was the only clue and when investigated led to the discovery that the gardener of W. S. McCay had dispatched a policeman.

TWENTY-EIGHT PLAY BRIDGE.

The largest function of the week was the bridge party given yesterday afternoon by Mrs. Henry H. Sinclair at her home on South Orange Grove avenue. Seven tables were provided for the game in the living-room, which was attractively decorated with garden flowers.

There were three guests of honor, Mrs. Stillman, Mrs. E. H. Mulligan and Mrs. J. B. Mulligan. After the games, for which prizes were awarded, refreshments were served. There were twenty-eight of the society matrons who are still enjoying summer at home present.

Mrs. Frank Bailey of East Orange Grove avenue entertained the members of her sewing club yesterday afternoon and the guests of honor were Mrs. Shrader of St. Louis and Mrs. F. W. Oldfield of Los Angeles. Others present were Mrs. Lewis Salisbury, A. W. Varney, Harry Goodrich, Herman Foltz, S. H. Pearson, E. F. Bergen and Harry Gammon.

PASADENA NEWS NOTES.

Mrs. Florence L. Dunlop of Green street has filed suit for divorce from her husband, Andrew G. Dunlop, who is supposed to be in New York. Former Chief of Police Freeman and wife returned last evening from Seattle, where they attended the exposition.

WANDERS ABOUT IN THE SURF FULLY DRESSED.

Affected by Drowning of Relative He First Takes to Drink and Then to Salt Water—Has to Be Dragged Out of the Sea, Loudly Protesting, by Police Officer.

LONG BEACH, July 11.—Last night the police received word that a man was trying to drown himself in the ocean at the foot of Magnolia avenue. Officer Austin responded and found Alexander Dougan wandering around in the surf, fully dressed and fairly well "soused." He refused to leave the ocean and was dragged out, loudly protesting that he must find the body of James Taylor, who was drowned yesterday morning while trying to save Dougan's daughter, Taylor's niece. Dougan was taken in charge by his family, who said that the man was so deeply affected by the tragedy that he began drinking.

Late this evening a young lady fainted at the edge of the water and fell forward in the surf. She was quickly rescued and was taken home.

SLICK CROOKS.

This afternoon Detective Phillips caught a fellow with his hands in another man's pocket and nailed him after a sharp struggle. The man showed fight, but was quickly subdued. He gave the name of King and answers the description of one of the crooks who worked Santa Monica yesterday. He will be taken to Los Angeles tomorrow for identification. Only one report was made of a pocket being picked, the victim being an old man who had a few dollars stolen.

ELKS INVADERS ARE WELCOMED.

ONE THOUSAND VISITORS TAKE AVALON BY STORM.

Two Gleeful Southerners Distribute Bounties to Bell Boys—Choir Boys of Los Angeles Church Spend Week at Tent City—Barbecue at the Lathum.

AVALON, July 11.—Avalon was taken by storm today, when over 1000 visitors from the mainland of the United States arrived. The first boat brought over \$50, and the second nearly 200 persons.

Last evening two festive young Elks, E. B. Lewis of Meridian, Miss., and E. B. Hall of Meridian, Miss., decided that potting was too good for Catalina, and proceeded to throw their spare coin to the winds in lordly southern fashion. In the sacred precincts of the Elks lodge, where the summer girls are supposed to giggle unduly and break the golden spell of the music, the two young men amused themselves rolling silver money down the "racing" board of the amphitheater. The ushers had a lively time dissuading them from putting into practice their up-to-date habits of dissipation. Later in the evening the Japanese bellboys at the Metropole Hotel were the recipients of the bounty freely offered upon them by the suburban visitors.

MINING KING ARRIVES.

Mr. and Mrs. George Wingfield of Reno, Nev., arrived yesterday, and will remain at the Metropole for a week. Mr. Wingfield is a partner of Senator George Nixon of Nevada, and is one of the mining kings of the West whose spectacular deals have attracted widespread attention.

Another man of note in the financial world is Fred E. Farnsworth of New York, who is a partner of the American Bankers' Association, who is at the Metropole with his wife and two sons, Frederick, Jr., and Clark. They are visiting Catalina.

When the Cabrillo left Avalon today it carried a merry party of boys from St. Paul's Pro-Cathedral Choir of Los Angeles, who have spent a delightful week on Catalina. They are now in large sleeping tents, with a fourth for kitchen and dining-room. This is the third season the boys have come to Catalina. BETWEEN TRUCK AND SLING.

Old Employee of Redondo Railway Company Sustains Broken Arm While at Work.

REDONDO BEACH, July 11.—G. W. Dunn, Sr., sustained a broken arm this morning while assisting in unloading railroad ties from the steamship Brooklyn. The accident was caused by his arm being caught between a truck and a sling of the ship. Dunn is one of the oldest employees of the Redondo Railway Company, and a member of one of the pioneer families of Southern California. This is the fourth time within the past year that Mr. Dunn has been injured. At one time he was painfully hurt on the head, next he had several ribs broken and again he sustained injury to his side.

E. C. Thomas, superintendent of the pavilion and rounder-up of picnics for the L.S.S.V. George Dunn, Jr., today received his appointment as general agent of the passenger department of the Redondo Railway Company. He is one of the youngest officials of the company and was formerly a newspaper man.

In order that the clerks and employees may see the parade in Los Angeles, Friday, the merchants of the city have declared a holiday and on that day the stores and shops will be closed.

OCEAN PARK, July 11.—Frank La-

van, connected with the Interior Department as special agent, with station at Santa Fe, was married at the St. Clement Catholic Church this morning to Miss Julia Christensen of Brooks avenue. The ceremony was performed by Rev. Michael Hennessy. The groom is a member of the Elk organization, and came to Ocean Park with the reunion delegates. Following the ceremony the couple departed for Seattle and the exposition.

The Italian Band will go to Los Angeles tomorrow, thirty-six strong, for the purpose of participating in the Elks' parade.

For the convenience of beach bathers, a life-line is to be stretched at the foot of Paloma avenue. The money for this life-line was raised by popular subscription.

VENICE.

VENICE, July 11.—Two more Pullman sleepers have been added to the number of cars bearing Elks delegates from the mainland. There are nine cars parked on the strand, as against 200 that were expected.

Venice will have a float in the Elks parade at Los Angeles tomorrow afternoon. The float will be decorated with the Elks' emblem and the colors of the Elks' organization.

TRUSTEES LINED UP.

Division at Wilmington Painfully Apparent Now That Harbor Matters Are Being Discussed.

WILMINGTON, July 11.—Trustees Opp. Breen and Silva are now lined up as the solid three against Brennan and Johnston. This is becoming painfully apparent on all questions arising when an issue may be joined. At the meeting last night Silva brought up the matter of an old lease which had been applied for a year ago by the Los Angeles Harbor Railway Company. Action has been indefinitely postponed upon it so that it had been forgotten, and all supposed that it had been withdrawn. This lease included an addition to the former franchise granted to the Los Angeles Harbor Company, which is the same as the one for a large area of tideland, extending from block L. Silva and Opp. Elks arrived.
